

Search for Properties

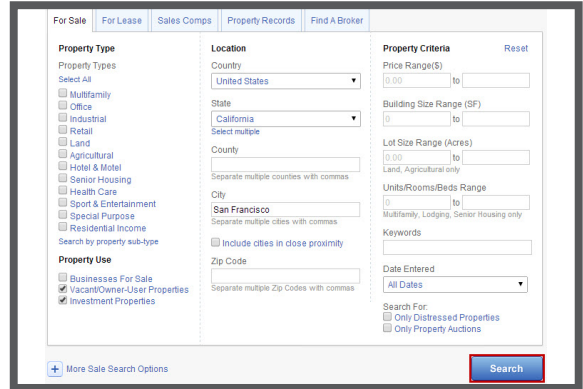

Utilize Professional Searching Tools to Easily Find the Right Property

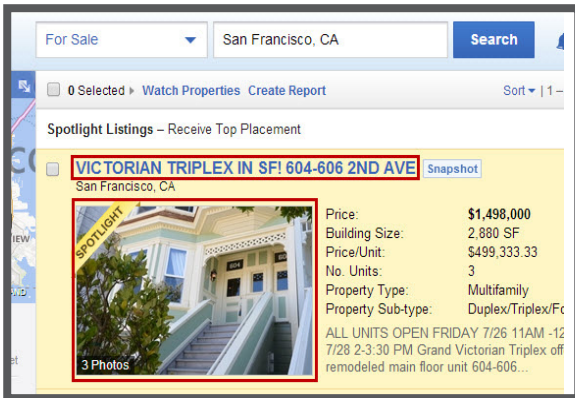

- 1 Log in to www.LoopNet.com, and click **For Sale** or **For Lease** to search properties.

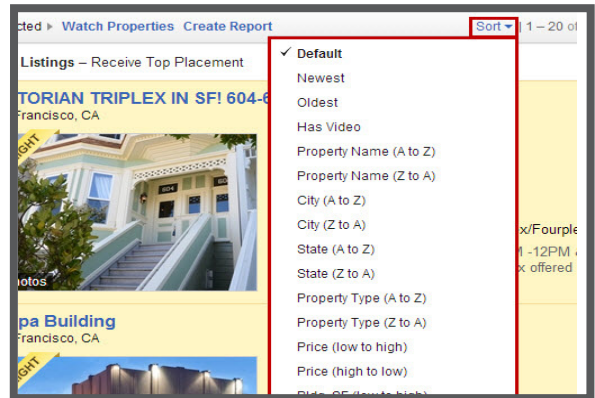

- 2 Enter search criteria and click **Search**.

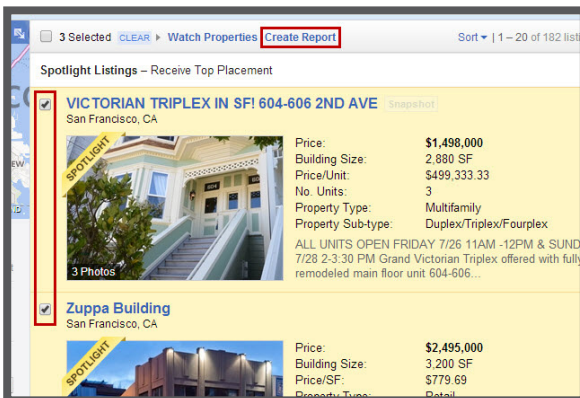

- 3 Click on a photo or property name for more information about each listing.

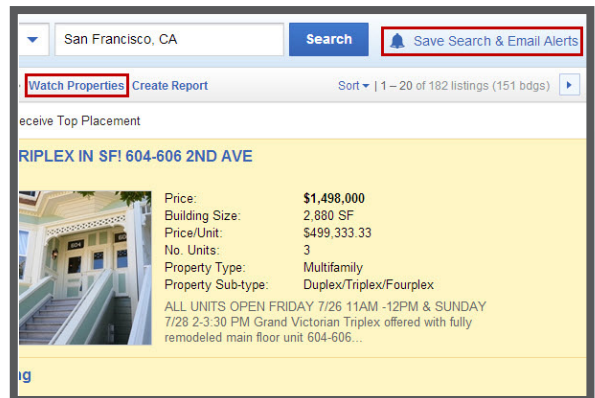

- 4 You can sort your results based on several criteria including price, property type, cap rate and square footage.

- 5 From the search results page, select properties and then click **Create Report** to generate a quick professional flyer with listing details.

- 6 **Save this Search to Set Up Email Alerts** when properties are added that match your criteria or **Watch Properties** to receive email alerts on changes to specific listings.
